S. No.	Queries	Replies
M/S. FRIENDS ENTERPRISES		
a.	Request for decreasing percentage of bid security as per scope of work (reference ITB 19.1 of Tender Documents), because each Lot have different scope of work e.g. 4.238KM for Lot I,5.947KM for Lot 2,7.895KM for Lot 3 and vice versa. (i) Bid Security sets as percentage upto 3% in form of Bank Guarantee and also allow Insurance Bond issued by A (+) companies rated by PACRA (reference IB 16.2 of Pakistan Standard Bidding Documents - Construction Works 2nd Edition December 2023).	Bid security has been duly calculated and approved by World Bank. It is Employer's prerogative to set the amount. All bidders needs to abide by the figures.
b.	Request for decreasing minimum amount of infrastructure experience as per scope of work (reference Para 4.1 of Section III - Evaluation and Qualification Criteria) because each Lot have different scope of work e.g. 4.238KM for Lot 1,5.947KM for Lot 2,7.895KM for Lot 3 and vice versa.	As per the instructions and decision taken by the Procuring Agency, the particular section is revised and is attached as Annexure-A of Addendum No. 1.
c.	Request for inclusion of Price Adjustment Clause vide Pakistan Engineering Council, Standard Procedure and Formula for Price Adjustment (Second Edition) May 2022.	As per the instructions and decision taken by the Procuring Agency, Price Adjustment Clause is included and attached as Annexure-B of Addendum No. 1.
d.	Request for decreasing percentage of performance security from ten (10) percent to five (5) percent or allow Insurance Bonds issued by A(+) companies rated PACRA, May please be noted that the government departments and procurement regulatory authorities set performance security less than ten percent, in this regard we have submit following for reference.	All bidders need to abide by the figures.

S. No.	Queries	Replies
	(1) Government tenders (which was funded through foreign agency) sets percentage of performance security at five percent of contract amount (reference document attached). (2) Furthermore, PPRA & SSPRA rules allowed maximum up to ten percent (range 1 to 10 percent) of contract amount as performance security for the public procurement's (reference document attached). In view of foregoing, the higher percentage set for performance security (i.e. ten percent) in the above cited project makes the bidding process less-competitive (minimum bidders are participating due to higher value of performance security).	
e.	Clarification regarding participation of Firms/ Contractors in a single Lot of above mentioned Project.	Bidders can participate in more than one lot. However, each application shall be submitted separately with separate Technical & Financial data.
M/S. MAQBOOL AHMED & CO		
	TECHNICAL	
a.	Can bidder apply for more than one lot?	Responded above
b.	Can more than one lot to be allotted to bidder if bidder succeed?	Yes, as per the Rules & Regulations of the Procuring Agency and World Bank.
c.	Separate technical profile will be submitted for each lot or one technical profile is enough for all the lot?	Yes separate Tech & Fin Bid for each lot as indicated and elaborated above
d.	In Qualification criteria section 4 Experience sub section 4.1 Infrastructure Works Experience is required but in EXP form 4.1 General Construction Experience is required	Responded above
e.	In Qualification criteria section 4 Experience sub section 4.2 Specific Construction Experience is required but in EXP form 4.2 Experience of Infrastructure Works Projects	Responded above
f.	Could you kindly provide topography survey drawings to facilitate a clearer understanding of the site?	Coordinates of sites are as follows:
